

# Dieselmar MR.

## Characteristics:

Monograde oil made from a blend of highly refined base and additives which give it detergent / dispersant to minimize the formation of engine deposits and wear characteristics, anti-foaming and anti-corrosion, to ensure proper lubrication crankcase and cylinder medium-speed diesel engines.

Meets the specifications for the service classification CF API / ASTM / SAE and meets and / or addition exceeds the requirements of the leading manufacturers of marine engines CATERPILLAR, DEUTZ, MAN D & W and WARTSILA and others

## Uses:

Specifically formulated for the lubrication of medium speed diesel engines that use fuel oil with high sulfur content (greater than 2.5% by weight).
